Information

This presentation has been prepared for information purposes only. This presentation (i) is by necessity a summary of more detailed information, (ii) is not intended and should not be used to form the basis of any investment decision, and (iii) does not purport to be full or complete. The Company has not independently verified the information contained herein and does not undertake any obligation to do so. This document is not intended to be and does not constitute an offer, or a solicitation of any offer, to buy or sell securities in any jurisdiction, including the United States. This document should not be construed as a prospectus or offering document and investors should not subscribe for or purchase any shares in the Company on the basis of or in reliance on the information in this document or any information provided at any presentation in connection herewith. Neither the receipt of this document, nor any information contained herein constitutes, or shall be relied upon as constituting, the giving of investment advice by the Company.

The Company makes no representation or warranty, expressed or implied, as to the accuracy or completeness of this presentation and the information contained herein. Accordingly, none of the Company, or any of its principal shareholders or subsidiary undertakings or any of such person's officers or employees or advisors accepts any liability whatsoever arising directly or indirectly from the use of this document. Any estimates and projections included in this presentation have been prepared by the Company on the basis of historical information and assumptions which, in its opinion, are believed to be reasonable. However, there can be no assurance that any anticipated results will be realised or that actual results will not be significantly higher or lower than those estimated or projected. The information in this document may include forward-looking statements. Such statements involve known and unknown risks, uncertainties and other important factors that may cause the Company's actual results, performance or achievements to be materially different from any future results, performances or achievements expressed or implied by the forward-looking statements.

Forward-looking statements may include, but are not limited to, projections of revenue, statements relating to future financial performance, the growth of the market for the Company's services, expansion plans and opportunities and statements regarding the Company's plans, strategies and objectives for future operations and certain contingent or estimated future liabilities. You can identify forward-looking statements by terminology such as "may", "will", "should", "expect", "plan", "anticipate", "believe", "estimate", "predict", "potential" or "continue", the negative of such terms or other comparable terminology. Forward-looking statements reflect the Company's current views about future events, are based on assumptions, and are subject to known and unknown risks and uncertainties and assumptions. Many of the factors that will determine future events or achievements are beyond the Company's ability to control or predict. In the light of these risks, uncertainties and assumptions, the events in the forward-looking statements may not occur. No one undertakes to update or revise any such forward-looking statement and no representation or warranty is given as to the achievement or reasonableness of future projections, management targets, estimates, prospect or returns, if any.

- Challenging market conditions continued in Q1 2022.
- High activity and capacity shortages in both divisions.
- Organic growth mainly driven by freight rates and initiatives to secure capacity on behalf of customers.
- Conversion ratio increase driven by increased efficiency and scalability of fixed costs.

Full-year outlook 2022

DKKm	2021 realised	Previous 2022 outlook	2022 outlook
Net revenue	7,301.9	7,800 - 8,300	9,700 – 10,200
Adjusted EBIT	542.0	570 – 630	700 – 750

Principal assumptions

- Current market situation continuing in Q2 2022, followed by gradual normalisation in H2 2022.
- Stable macroeconomic environment with no additional material adverse events affecting regional and global cargo volumes and trade patterns.
- As uncertainty gradually increased during Q1 2022, the assumptions underlying the outlook may change.

COMMENTS

- The war in Ukraine and the EU Mobility Package resulted in elevated uncertainty and unpredictability in Q1 2022.
- Gross margin development driven by increasing input factor prices, partially offset by initiatives to secure capacity on behalf of customers.
- Scalability resulted in increasing conversion ratio and operating margin.
